Merchants' and Industrials' Credit Book  
 OF  
 Shogyo Koshinsho.

THE book is the property of the Gomei Kaisha Shogyo Koshinsho, not for sale.

Being compiled for the use of the Shogyo Koshinsho, the book is not to be shown to the public, but according to desire of subscribers, it is loaned to them under special agreement.

Borrowers of the book are naturally prohibited to show, or lend, or sell it to any body else. If the book is found in any other hands than those entitled to it, the Shogyo Koshinsho will get it back, and claim the compensation of the damage, if any, thus caused.

Every loaned copy of the book bears a number, the date of loan and the name of the borrower. When the borrower ceases to be the subscriber of the Shogyo Koshinsho he or she is required to return the book immediately.

The new edition which is compiled for the thirty-second time, contains summarized records of the reports furnished to subscribers against their inquiries. The records in the book reach several ten thousands in number, and not a few of the subjects may have since undergone changes in their assets, credit-rates, etc., especially so in this year when commodities, documentary securities and immovables have heavily collapsed in value under the pressure of the serious economic slump. The records in the new edition are made on the basis of the investigations instituted in 1930 and 1931. We therefore hope that borrowers will pay attention to the date of investigation affixed with every record.

It is possible that some of the recorded subjects have been investigated not thoroughly, and there may also be some misprints. Borrowers are therefore requested to inform us when they find any doubtful records, or make inquiry of such subjects in accordance with the regulation provided for the purpose, whereupon we will institute fresh investigations and report the results.
